TO THE DEMOCRACY.

Rally Once Again, Democrats of California!

ELECTION, OCTOBER 20TH, 1875.

Democrats of California! By a vigorous and united effort you achieved a great victory on the first day of September—a victory that cheered the friends of constitutional liberty and good government throughout the Union. Already a response to your voice in favor of Democratic principles has come back from Maine, telling you that the power of Radicalism in that State is broken, and that she will cast her vote for a Democratic President next year. It is a matter of pride and congratulation that California has, with a voice emphasized by a plurality of 20,000 votes and a clear majority over the combined opposition, pronounced against a corrupt, wasteful and oppressive administration of the government, and in favor of a return to the principles and policy of the Democratic party.

But your work is not done. The scattered forces of the enemy are still in the field; though beaten and demoralized, they are trying to rally in the hope of wresting from your grasp the victory so gallantly won. It is therefore, not so much a time to indulge in congratulation on what has been done, as to prepare for what remains to be done. The victory in September must be ratified by another in October. Success must not be imperiled by over-confidence or inactivity. Here lies the only danger. California is unquestionably Democratic on a full and fair expression of political opinion at the ballot-box. Let us then have such an expression on the 20th day of October. Let every Democrat go to the polls and vote, and take his neighbor with him. A Democrat who stays at home on election day gives half a vote against his own party.

In Dr. O. P. Fitzgerald, our nominee for Superintendent of Public Instruction, we are fortunate in having a candidate who most happily embodies in his character and history the liberality, the wise conservatism and the progressiveness of the Democratic party. A citizen of California for more than twenty years, he is well known in all parts of the State, and enjoys the full confidence and esteem of all classes of citizens. His unanimous nomination for the fourth time as the candidate of the Democratic party for the office of Superintendent of Public Instruction is an exalted tribute to his worth and an unmistakable evidence of his personal popularity. He is a tried man, and the compliment of a renomination is the evidence and the reward of a faithful and successful administration of the educational department of our State Government.

Nor is Dr. Fitzgerald's popularity confined to the limits of the party which has placed him in nomination. He enjoys the confidence and will receive the support of the educators and school officers of the State, without distinction of party, and it is conceded that *their* votes will be cast for him almost unanimously.

While it is the avowed policy of the Democratic party to ignore all partisan considerations in the administration of our public school system; and while it is admitted by all candid and well informed citizens that Dr. Fitzgerald's administration of the Department of Education was honestly and thoroughly non-partizan, liberal and just to all, it is nevertheless true that the leading Radical organs are trying to defeat him by appeals to party spirit and party prejudice. They have made the issue, and we must accept it. Dr. Fitzgerald's success will be the success of the Democratic party. His defeat would be the defeat of the Democratic party.

Your duty, then, fellow-Democrats is plain. Bring out the full vote of the party on the 20th day of October. Clinch the nail already driven; complete your victory. Let every Democrat vote. Let every Democrat work for the success of the party and its nominee.

Chairman of the Democratic State Central Committee.

DEMOCRATIC TICKET.

Judges & School Superintend't.

ELECTION OCTOBER 20, 1875.

FOR SUPT. OF PUBLIC SCHOOLS.

DR. O. P. FITZGERALD.....Of Sonoma

FOR JUDGE OF SIXTH JUDICIAL DISTRICT,

LEWIS RAMAGE.....Of Sacramento

FOR COUNTY JUDGE.

E. R. BUSH.....Of Woodland

QUERY.—Why did'nt Judge Johnson put Fitzgerald's name on his ticket after Gwin's resignation, if he is "as good a Democrat as he ever was?"

PRETTY COOL.—We understand there are two tickets in circulation through the mails, one with Carr for Superintendent, Catlin for District Judge, and Johnson for County Judge; the other with Carr for Superintendent, Denson for District Judge, and Johnson for County Judge. Too thin, Judge.

WHAT A CHANGE.—The Yolo *Mail*, which a few weeks ago was extremely loud-mouthed in its abuse of the Republican party and all belonging to it, now rejoices because Ohio has probably gone Republican by a very small majority. Out upon such inconsistency.

THE JUDICIAL ELECTION.—It is hard for some of our people to predict the result of the election to be held on Wednesday next, while others feel confident. Sprague seems to be gaining ground over Johnson, but while this is the case Bush has the inside track and leads both his competitors. There is less of party spirit in this fight than in the late election, and a disposition is manifested to vote for the best men. This will surely elect *our* men.

VOTERS, DO YOUR DUTY.—While it is the inestimable *privilege* of every American citizen to vote for the candidates of his choice for public office, it is likewise his *duty* to exercise that privilege whenever officers are to be chosen. Then let every voter turn out on Wednesday and deposit a ballot for the candidates of his choice. If we enjoy the privileges of citizens and the protection of the government, we should not shirk our duties and responsibilities whenever they devolve upon us. Go to the polls and vote.

TWO-FACED.—Ezra S. Carr, Republican candidate for State Superintendent, is also the nominee on the Temperance ticket. He doubtless hopes by this course to obtain the votes of temperance men generally. It will be remembered that the same party refused to nominate Bidwell, the hero of the grape vines. Why not be consistent? The party is on record, however, as a prohibition party, and we opine it will lose more votes on that account than it will gain by dragging in matters that have no business to be brought in.

RETURNED TO HER FIRST LOVE.—On account of the departure of the Democracy of Ohio from the time-honored position of the party upon the currency question, it is possible that the State has again gone over to the control of the Radicals. The telegraph indicates such is the result. Perhaps it is better so. It will do there what was done in California, when she "departed" and took up Greeley—bring the Democrats to their senses. There is no danger now, if Ohio shall prove to have gone Republican, but what the Democracy will be united on a sound financial policy and go into the Presidential contest next year with the certainty of winning.

STATE GRANGE.—The session of this body concluded its business at San Francisco on Friday last. The officers elect are: Master, John V. Webster, of Alameda; Overseer, Thomas A. Garry, of Los Angeles; Lecturer, J. W. A. Wright, of Fresno; Steward, Nelson Carr, of Sonoma; Assistant Steward, Maurice Woodhams, of San Mateo; Chaplain, J. M. Hamilton, of Lake; Treasurer, J. B. Carrington (re-elected), of Sonoma; Secretary, Amos Adams, of Sacramento; Gatekeeper, J. B. Saul; Ceres, Mrs. Mary E. Ivens; Flora, Mrs. Bangs; Lady Assistant Steward, Mrs. Nelson Carr; William Sims, of Yolo, C. H. Goley, of Sonoma, W. S. Manlove, of Sacramento, W. Logan, of Colusa, Thompson, of Napa, and Leonard, of Santa Clara, Executive Committee.

ST. NICHOLAS FOR OCTOBER, closes the second volume of this charming magazine. The frontispiece is a very fine wood cut representing a battle at sea, during the war of 1812, also described in the opening article. "Some Queer Animals," describes the Dragon, Harpy, Basilisk, Phœnix, etc. Following close upon this is "How it Went," Lucretia P. Hale's comical "Peterkin Family," and "Jenny Paine's Hat." Descriptive articles are not lacking, as "The Frigate-Bird," and "Lord Cornwallis's Day." The poetry of the number is furnished by "H. H.," Edgar Fawcett, Fanny Percival, Mary A. Lathbury and Mrs. Carnay. The close of the two serials, "The Young Surveyor" and the "Eight Cousins" must come, but the satisfactory ending will do much to lessen the sense of loss at parting. "Jack" is particularly bright this month. Read his "Crooked Story."

Complete the Victory.

On Wednesday next, October 20th, an opportunity will occur for the Democracy to achieve a glorious triumph by electing a State Superintendent of Schools, a District Judge, a County Judge and Justices of the Peace, to cap the climax of the splendid victory achieved on the first of September. Let us see to it that nothing less than this is accomplished. Our candidates are unexceptionable.

Rev. O. P. Fitzgerald, candidate for State Superintendent of Schools, ought to receive the vote of every man interested in the proper education of the rising generation, because he is known, from a previous term in that responsible office, to be exactly adapted to its duties; for the system of instruction in the public schools of our State under his able and experienced management will be thorough and at the same time economical. He will have the support of nearly all the school teachers of the State, regardless of party affiliations, on account of the universal satisfaction heretofore given. Though a Minister of the Gospel, he was entirely unsectarian in his official duties, insisting and acting upon the broad Democratic ground that the benefits of the public school system were devised and intended for all classes alike, irrespective of religion, politics or any other particular views. He is a good sample of the highest type of the educated, true christian gentleman. We have no doubt whatever of his election by a large majority, for the reasons given.

Hon. Lewis Ramage, our candidate for District Judge, is so well known to the people of this county that it seems almost unnecessary to speak of his eminent ability and legal qualifications, he being the present incumbent in that exalted and responsible position, the duties of which have been discharged by him during the last six years with such universal satisfaction and signal ability. But we should not feel satisfied did we fail to call upon the voters of Yolo to rally to his support and insure his triumphant election. Not a District Judge in the whole State has performed an equal amount of labor, nor meted out justice more impartially; neither has any other occupied the bench more continuously than his honor Judge Ramage. The bar of the District is unanimous in his praise; and who can be more competent to judge of his fitness? He must and will be elected, notwithstanding there are two other candidates in the field pitted against him.

E. R. Bush, Esq., our candidate for Judge of Yolo County, is a man in the very prime of life, eminent in the legal profession, a good judge of law, and has lived in the county and practiced in all our Courts with marked success during the last six years. If legal talent, an unspotted character, habits of industry and sobriety, with a straightforward, honorable and consistent political record, are qualifications to entitle him to your support, then Mr. Bush is eminently qualified for the honorable position of County Judge. The fight is a triangular one, and we feel quite confident that Mr. Bush will distance both his competitors. It ought to, and we have no doubt will be so. Mr. Bush's popularity with all classes will carry him through by a large majority.

For Justices of the Peace in Cache Creek Township, P. H. Sibley, of Woodland, and J. H. Murphy of Cacheville, will probably have no opposition. Both are at present occupying the position, and so far as we are aware have given entire satisfaction during their incumbency. We know little as to the Justices in other parts of the county. H. M. Hoyt, of Knights Landing, W. J. Clark, of Fairview, and James Oneal of Davisville, have been mentioned as candidates. They are all gentlemen of experience and are sure to be elected.

Montgomery Queen's Open Letter.

NEW YORK, Sept. 20th, 1875.

To my Many Friends in California:—Through the medium of the press, I return my thanks to the citizens of the "Golden State" and adjoining Territories. There is no public man so able to judge of a country and its people as the proprietor of a Circus and Menagerie. It gives me great pleasure to speak of my one year's residence in the most glorious country in the world, California. I cannot refrain from returning my grateful thanks for the people's uniform kindness during my temporary sojourn among them. One year in a country which is comparatively in its infancy, usually affords but a meagre idea to judge what its future may be; but California, unlike any other part of the world, as youthful as it is, has already nearly all the elements of the oldest States of the East. Twenty-five years ago, hardship and dangers untold met the emigrant at every step, but the prospects were so grand, that none turned back from the El Dorado of their most sanguine hopes.

By the people of the East, little is known of the adventurous, thrifty, industrious, temperate, generous, and well-doing of the inhabitants of that Little World by itself on the Pacific Coast. The people of California are ever uppermost in my thoughts, and if fickle fortune is kind to me, I look pleasantly forward to that time when I may settle in your midst, and become one of the "Golden State's" respected citizens.

I cannot close this open letter, without remarking briefly, of the quiet and total absence of anything like rowdyism in any of the cities and towns in California and the adjoining states and territories. This seems a little remarkable, and is further evidence of respect of law and order that prevails on the Pacific Slope.

The Public's most Obedient Servant,

MONTGOMERY QUEEN.

FOR SALE.—Dr. H. J. Plomteaux will sell his residence and lot, and also all his household furniture at auction on Saturday next. The property is well located and desirable.

Forty Thousand Deaths in Four Months.

[From the Sydney Herald.]

Further information from Fiji conveys still darker accounts of the plague which has recently passed over the new colony. A resident of long standing, writing to a Victorian contemporary says: "The death rate is not yet made up, but the probability is that 40,000 Fijians died during the four months' plague. The native population of Fiji is now about one-third only of what it was when I landed here about twenty-five years ago." The accounts given of the magnitude of the disaster are less harrowing than those of the sufferings of the victims. "Very few died of the measles, the majority dying of subsequent disease in the form of dysentery, congestion of the lungs, etc. Want of nourishment or starvation carried off thousands." We are told that all work was suspended for two months. You could pass through whole towns without meeting any one in the streets, which were soon completely covered with grass. Entering a house you would find men, women and children all lying down indiscriminately, some just attacked, some still in agony, and others dying. Some who were strong enough attempted suicide, and not always unsuccessfully. We are further told that "as the scourge became more permanent four or five were buried together in one grave, and generally without religious service. In some cases the dead were buried in the earthen floors of the houses, in others just outside the house. The burials were hurried, and the probability is that some were buried alive. In many instances the husband, wife and children all died. In one village all the women died, and in another all the men. It is interesting to read of the different mental effects produced by the torture of disease. It is not surprising to find that "some made fruitless appeals to their ancient god. Some inland tribes, who had but recently embraced Christianity, considered that the disease was conveyed by their religious teachers, and they dismissed them and then abandoned their new religion. Among these some were for killing their teachers, but their wiser counsels prevailed. It is said one tribe buried alive the teacher's wife and child, whose husband and father had died of the plague, to stop infection." But while some in their distress fell back on their former superstitions, the greater number are said to have borne their calamity with fortitude, and to have suffered and died under the influence of Christianity.

NEW PATENTS.—Through dispatches to Dewey & Co., Patent Agents, S. F., we receive the following advance list of U. S. Patents granted to Pacific Coast inventors, viz: A. L. Bobet, S. F., Cal., beer faucet; P. Burns, S. F., Cal., bleaching soap: R. Walker, Oakland, Cal., vehicle spring; E. G. Watkins, Georgetown, Cal., bed bug trap.

FREE BRIDGE.—A meeting was held in Washington the other evening to consider the matter of a free bridge between that town and Sacramento, which resulted in the passage of a motion that petitions be drafted and circulated asking the Legislature to pass a free bridge bill.

A LIBEL.—The *Mail* and other Independent-Republican-anything-for pay papers are circulating in an extra sheet a string of falsehoods just on the eve of the election intended to defeat Fitzgerald and elect Carr. The statements are false from beginning to end.

SINGING CLASS.—Prof. Cheeney, the popular singing teacher who was so successful here last year will meet those who desire to join a class in vocal music in the Methodist Church on Tuesday evening next.

IOWA AND NEBRASKA.—These States are reported to have gone Republican by about the usual majority.

COST OF THE ELECTION.—By adding up all the claims allowed on account of services and material furnished, in connection with the late election in this county (Solano), says the Vallejo *Chronicle*, we find that the total amount is over $2,400; which would make the election cost about sixty-five cents a vote. In some counties the expense will be greater per vote, and in some perhaps less. But supposing sixty-five cents is the average and estimating the total vote at 125,000, the election has cost the people of California $81,000. It is important we should all vote right when the luxury of voting at all is such an expensive one. It might be added that on the third Wednesday in October there is another election entailing another heavy expense, which might be almost totally avoided without bad effects by simply electing all our officers at one time.

FIVE MILLION FOR A NEW YORK FIRM.—The Austrian Government has commenced a series of improvements in the Danube River to make it navigable as far up as Vienna. The plan of General W. J. McAlpine, of Albany, was chosen by the Austrian Government as the best, and he was instructed to contract for the work in accordance with his specifications. Stephen C. Walker, Egbert H. Fairchild and A. H. Clark, contractors, of 72 Wall street, New York, have agreed to do the work, and have just received the contract from the Austrian Government. The contract amounts to $5,000,000.

AWFUL.—According to the New York *Sun* there are fifteen thousand houses to be sold for taxes in the city of Brooklyn.

Town and County Matters

State Meeting Items.

[From the Daily State Meeting Reporter.]

The Meeting.

The twentieth annual convention of the Christian Church closed Sunday night. Over four thousand people have come and gone. The prophecies of croakers and those who were disposed to throw cold water upon the meeting, have proved false. It has been a decided success. The best of order prevailed. The immense crowd were guided in the matter of order as a little child. The table was abundantly supplied with wholesome food. The people from a distance were well cared for, and went home without regret at having come. The preaching was able, eloquent, earnest. The singing, excellent. The attendance at the arbor was large and exceptionally attentive and orderly. Many chronic scoffers at religion would sit there and weep like children during the services. The earnest, honest efforts of Christian men and women to lead their erring fellow-beings into the light of the Truth, were felt and appreciated by all. Sixty persons made public confession of faith and submitted to the ordinance of baptism. But this is not all the good that was done. The minds of people who have heretofore been careless and indifferent about the questions pertaining to religious matters, are awakened, and good seed has been scattered broadcast, and must in time bring forth fruit to correspond. The influence of the meeting has permeated all circles, and has been a power for good in the community. The meeting has been a grand success.

THE TEACHERS.—We will say that such an array of ministerial talent has seldom if ever met at the Annual Convention in California as at the present meeting. The preaching has been unusually eloquent and impressive, not a failure having been made by any one. Some of the discourses were rather too long, but the deepest attention has been paid, and we hope much permanent good done. It would be folly to try to give even a synopsis of all that was presented, so we will simply give the names and local residences of the Teachers who have been present during the meeting: B. H. Smith, Woodland; J. N. Pendegast, Woodland; B. C. Lawson, Woodland; A. M. Elston, Woodland; W. C. Ridgway, Woodland; J. H. Kinkade, Woodland; G. R. Hand, Downey, Los Angeles; B. S. Gardner, Sycamore; P. H. Cutler, Arcata; H. B. Rice, San Francisco; Mr. Keith, San Francisco; H. D. Connell, Stockton; G. O. Burnett, Santa Rosa; J. M. Martin, Santa Rosa; Alexander Johnston, Santa Rosa; J. M. Monroe, Santa Rosa; J. P. McCorkle, Healdsburg; W. J. Carpenter, College City; Judge Durham, College City; J. D. Wilmott, Vacaville; T. Porter, Watsonville; Nathan Porter, Napa City; J. O. Beardsley, Napa City; J. W. Webb, Lompoc; E. A. Barnes, Willow Creek; A. W. DeWitt, Butte City; L. C. Hining, Modesto; H. C. Lyle, Ukiah; Harrison Price, ...; Samuel Logan, Bloomfield; E. B. Ward, Hollister.

WE paid a flying visit to the camp ground Monday morning. Everything was confusion and bustle. People were busy packing up, preparatory to decamping, and the sound of hammer and ax used in tearing down the booths, rang out upon the morning air. By nine o'clock many tents were torn down, and the temporary city began to present a ragged, deserted appearance. The ladies, God bless them—well the ladies somehow didn't look as attractive as on Sunday morning. Maidens, who on that occasion were in variegated colors, rich, gaudy, resplendent, stood around with old linen suits on, hair *a la* scramble, and generally dilapidated in outward appearance. Some of 'em looked a good deal slimmer, too, but we attribute that to the worry and anxiety incident to the breaking up ceremonies. The girl with the shoe string was there, however, looking as fresh, neat and blooming as ever.

ED. REPORTER: At the baptism, Sunday, our attention was forcibly called to the vanities of worldly things, and how soon they fade away before real christianity. We saw a young lady go down into the water, dressed in robes of white, a thing of beauty, decked out in all the paraphernalia of fashionable attire. One plunge beneath the water, and all that fond imagination had fostered has disappeared. The full, voluminous skirts clung limp and heavy around her frame; the round, full, voluptuous form became the picture of attenuation; our eyes were fully opened to the vagaries of flippant, foolish fashion. We could only wish that she was then a true Christian; that all her weak foibles had vanished as the vain adornings had, and that her life from that moment would be as her dress was when she entered the water, pure and white.

OUR BOW.—This is the last issue of the *Reporter*. How we have succeeded, of course remains with the public to decide. We are satisfied. We believe all who have subscribed for the paperhave got the full value of their money. We believe those who have advertised will never have cause to regret it, and we hope to have the good will of all our patrons in the future as in the past. Notwithstanding your jokes at our expense, we prophesy that on Wednesday morning you will miss the *Reporter*. With thanks to our patrons, and kindest wishes to all, we make our bow and step down and out.

THERE has been but little sickness at the camp ground, although the change of water and the low, damp situation of the camp, would indicate an unhealthy locality. The greatest complaint has been from poison oak. Several have been caught on its disfiguring antlers, but all are now able to make themselves visible. We saw a good many disciples of Æsculapius hovering around like birds of prey, (not *pray*, by any means,) but luckily their services were seldom needed.

THE following statistics will be of interest as showing the magnitude of the free table department. There were killed and consumed twenty-one beeves, twelve sheep and seven hogs. The other supplies, such as sugar, coffee, potatoes, etc., were in proportion, and the cost will without doubt exceed $2,000. The contributions from all sources amount to $2,005. The Committee are paying bills as fast as presented, and will soon know how the accounts stand.

AR. BROWNELL has sold his saloon, and contemplates retiring from the whisky business. His conscience has been touched, and his reformation is almost a foregone conclusion. When his reformation is established his old associates, in taking leave of him, will, no doubt, experience the same sensations a barefoot boy does who steps on a rattlesnake and don't get bit.

JAS. CAMPBELL, who drove a fine hack to and from the camp ground claims to have made the fastest time during the meeting. Monday morning he started from Peckman's stable, drove to the grounds, took on a load and got back to the depot in twenty-six minutes, arriving just in time for the cars. This is pretty good time for a three mile drive and return.

ON SATURDAY, just before dinner, Charley Browning, son of W. Y. Browning of Fillmore District, while handling a large butcher knife, accidentally cut his hand very badly. Three of his fingers were almost severed from the hand. The wound was promptly dressed, but will take some time to heal.

THE following is rather heavy on the pin-back agony:

"You've pinned it back," he cried, with grief,
"Much further than you orter:
Your front stands out in bold relief—
My darter! oh, my darter!"

Board of Supervisors.

The Board met on Monday last—present Supervisors Mering, Megowan and Smith.

Wm. Sims, Supervisor elect for the Second District took the oath of office and his place upon the Board.

Petition and Bond filed in matter of road No. 111, and L. Friel, Wm. Hays and Mr. Tadlock appointed viewers.

County Surveyor was directed to establish line of road at Covall's.

Board contracted with W. B. Treadwell to furnish maps for use of County Assessor for a term of five years, Mr. Treadwell to receive $1000 for first and $250 for each succeeding year.

Board assembled again Tuesday morning according to adjournment.

Ordered that sealed proposals be received for building bridge across Slough at farm of Mr. English.

Warrant ordered in favor of Hospital Steward for $100 to pay contingent expenses.

Supervisors Megowan and Smith were appointed a Committee on Finance.

In matter of road No. 111, John Dale filed bond which was accepted and approved. The report of viewers on this road was filed, hearing set for Monday, Oct. 25th, at 2 o'clock P.M., and parties to be notified.

Treasurer ordered to pay $31.25 out of the estate of an unknown person on whose body an inquest was held Sept. 30th. Also, to pay out of estate of Jas. O'Melia $34.80, expenses for Coroner's Jury held Oct. 8th.

Auditor ordered to draw warrant in favor of J. J. Ammons, for $300 retained salary, etc.

Ordered that the County Surveyor furnish District Attorney with copies of survey and maps of route on See road, Putah Cañon.

T. B. Reindollar was allowed $8 for one month's rent from Oct. 12th, for an indigent woman.

Bills were allowed on the Contingent Fund for $2,119.21; on General Fund for $1,618.46; on Hospital fund for $206.-91—a total of $3,944.58.

Adjourned to Monday, Oct. 25th.

WOODLAND AND RED BLUFF RAILROAD.—Yesterday eleven car loads of steel rails for this new road arrived here and only await the "trimmings" and laying of the ties to be put down in place. The road bed is graded some twelve or fifteen miles, and there are ties on hand at this point for probably twenty miles. Ties and iron will continue to arrive, and soon the laying down will commence. At first it is expected about half-a-mile per day will be completed and after getting well started they will probably put down a mile a day. The Cacheville bridge will probably cause some little delay, though we learn the timbers will be prepared ready to go up as soon as the track is laid so as to haul them to the bank of the creek. These operations look like business. Some have thought that instead of this new line being a benefit it would prove a positive injury to Woodland, but we happen to know enough to satisfy us that if the arrangements contemplated are carried out, Woodland will be greatly benefitted in consequence of the new road.

POSTOFFICE MATTERS.—The new P. M. is entitled to credit for improvements made for the convenience of the public and for the proper and more rapid transaction of the business of the office. There are many sources of annoyance to a Postmaster constantly occurring, and that functuary is entitled to considerable latitude for his temper. Mr. Walker, however, is very genial and accommodating. He requests us to mention that there are letters in the office improperly addressed as follows: "Woodland, Yolo Co., Cal." and "Lary Lessing." There are also packages of photographs addressed to "F. W. Smith" and "Wm. J. Green."

THE NEW BOARD. — Supervisors Geo. H. Swingle and J. K. Smith having served out their respective terms upon the Board, last Monday Mr. Wm. Sims took the place of Mr. Swingle, and Mr. J. H. Harlan would have taken that of Mr. Smith had he been present. He is on a short visit to the East, but will be in his place at the next meeting of the Board. He qualified before leaving.

TO BUSINESS MEN.—Parties having deranged books of account can have them adjusted and opened or closed, according to single or double entry, by applying at Hesperian Business College. Practical forms of balance sheets will be furnished business men by which a detailed and most comprehensive view can be given of any kind or any extent of business. Partnership books will be rectified, etc.

THE ESTEY ORGAN.—Mr. H. F. Deaner, agent for this county of this fine instrument, has one of them on exhibition at the drug store of Bynum & Co. Mr. D. is a practical teacher, a first-class performer, and a very reliable, pleasant gentleman withal. We cheerfully recommend him and his instrument to this community.

LARGE CROWD.—Probably the largest gathering ever assembled in this county was at the State Meeting of the Disciples on Sunday last near this place. There were doubtless 2,500 persons present—some say 3,000 or upwards.

SEEDING.—Farmers are now very busy in many localities putting their seed wheat in the ground so as to get the full benefit of the early rains. The indications now are that we shall soon have rain.

CONVALESCENT. — The numerous friends of Mrs. Ross will be glad to learn that she is improving in health and hopes soon to be about again.

Winters Correspondence.

WINTERS, Oct. 12th, 1875.

EDITOR DEMOCRAT. — *Dear Sir*: Seeing you have correspondence from this place wherein thriftness and industry are identified, I shall rest content therewith. To emerge from perfect obscurity and be placed in this little burg where everything is bustle and confusion, bewilders me to such an extent that I feel almost unable to describe or discuss any particular subject. Like a young giant, this little place has leaped into existence and feels confident of its future strength and importance. The interested zeal manifested by its active and energetic business men has placed it so far on the road to prosperity that in another year, both in business and population, it will be the second town in Yolo county. It is blessed with live men of the day; men of capital and educated ability; men whose confidence in the place is firm and unshaken, having gained for it the name of being the best wheat market in this upper country.

At first this "enterprise" was looked upon as a cat in a meal tub, with a hidden purpose to entrap ranchers into a net, so that the speculative dreams of a few men would prove a financial reality, which in a certain sense of the letter has been correct. The valuation of real estate is enhanced; the plans, engineering and construction of the railroad were guided by shrewd intelligence and precision; and for the faithful performance of their promises it is hoped the Company may reap sunshine that will not end in shadows. This road, in my opinion, has just commenced its onward march, for it is pretty certain that next season, unless something now unlooked for transpires, the company, with a subsidy of two thousand dollars per mile subscribed by the farmers, will push their road to, and probably across Cache Creek. The farmers of Hungry Hollow are as a general thing well to do men, and will subscribe liberally to insure them means of transportation. In passing through Hungry Hollow and Gordon Valley a week or two since, I found the same feeling existing among the ranchers as existed here twelve months ago when this road was only in prospect. If the Vaca Valley road pays as it is, would it not pay the farmers better by extending it farther north to one of the most productive portions of the State? And at the same time have one-fourth of the road built by subscription? This is the problem, and the Stevenson Brothers have business qualities sufficient to see this at a single glance. So I say the Vaca Valley railroad has but just commenced its onward march.

The Putah Cañon grade is passable for heavy freight teams, but in several places where Nature has built her portion of the road, it is necessary to make some alterations. The editorial in last week's DEMOCRAT was none too soon in relation to this road, and I might add shows a case of importance and complexity which awaits the action of the courts. Suffice it to say, that at a cost of several thousand dollars we have built an excellent road from this place to Monticello, a distance of fifteen miles, while private parties charge us a good round price for passing over the road we built. Nice, isn't it?

Several changes have taken place in this neighborhood during the past month, no less that a dozen sales of real estate having been made in that time, while a number of emigrants are now among us and seem anxious to purchase homes. One party is desirous of purchasing twenty farms for his friends in Ohio. In extending a welcome to those who have come among us we are unwilling to loose so many of our old citizens whom we have known so intimately and so long.

Farmers are busily engaged in sowing and harrowing in their cereals for the coming season.

The Masonic Hall at Buckeye is on wheels to be moved to this town.

Uncle Jimmy Johnson has been here electioneering among the boys. We would do anything in the world for the Judge with the exception of voting for him. It's my opinion the Judge will get a good *brushing*.

Several of our business houses deserve notice through your columns, and the best way to do it is to advertise.

Yours, ORLAND.

ADDRESS.—The Republicans are out in an address signed by J. A. Hutton, Ch'n., and I. N. Hoag, Sec. of the Republican County Committee, in which they actually advise Republicans to vote for C. P. Sprague for County Judge. Isn't that strange? There must be something the matter when Republicans have to be advised and urged to vote for one of their nominees who has never been anything but a consistent Republican.

A CALL.—Robert Spaulding, a young man who has been attending the commercial department of Hesperian College, and who has become, under Prof. True's instruction, a thorough accountant and book-keeper, has obtained a situation as book-keeper in Messrs. Harling & Co's store at Winters. Hesperian can furnish others equally competent on application.

INDICATIONS. — After very warm weather for two weeks, the last two days have been somewhat cooler with indications of rain. The wind finally shifted to the south on Wednesday, and the sky became slightly overcast. Some predict rain before the end of the week. Hope they are correct. The air is full of dust, and needs purifying.

REMOVED.—F. M. Hall has not only moved to a better location, but has added largely to his stock in trade—especially ranges, winter stoves, etc. Call and see him near the Postoffice.

To the Voters of Yolo County.

Under a commission from Governor Haight I acted as the Judge of your county from the 3d day of February, 1870, until the 1st day of January, 1872. During that time I rendered numerous decisions from which an appeal might have been taken to the Supreme Court of the State, but no appeal was in a single instance either taken or asked for. I have yet to learn that any opponent, however malignant, has ever said that I discharged my duties otherwise than faithfully. I am again a candidate for that office, and solicit the votes of those who think me the most suitable man for the position.

My attention was, for the first time, called on the morning of this the 14th day of October, 1875, to a printed speech of C. P. Sprague, and to a circular signed by J. A. Hutton and I. N. Hoag. The speech and circular in question abound in false statements, and have made their appearance at a point of time affording me no opportunity to meet them. I cannot take time to reply to all those misstatements in detail, but desire briefly to call your attention to the statement following:

I am not about seventy years of age, but was just sixty-four years old on the 24th day of May last. I never belonged to an order known as "Know-Nothings," but, on the contrary, was at all times an active and open opponent of that order. I was a candidate for the office of District Judge in 1863, and was beaten by S. W. Brockway, but I received just one hundred votes more in the District than were given for the Democratic nominees of the District for the office of County Judge. I did not leave the county of El Dorado a defeated candidate. On the contrary, I was in 1865 elected a Senator of that county, and my time as such had not expired when I came into Yolo. I have not changed frequently in politics, but, on the contrary, acted with the Democracy from 1832 to 1873, at which time I became an Independent. Any statement in conflict, in whole or in part, with the above, come from whatever source it may, is unqualifiedly false. Judging of the future by the past, I warn the public against statements to my prejudice between this time and the election.

JAMES JOHNSON.

The Word "Sozodont."

Which has already become a household word, is derived from the Greek, and composed of two words, Sozo and Odontes. "Sozo" translated, means to preserve, and "Odontes" the teeth—"SOZODONT" a preserver of the teeth. And it is true to its name. It beautifies and preserves the teeth, hardens and invigorates the gums, and corrects all impurities of the breath. The odor of this pure preparation is so delightful that it is a luxury to apply it. It is as harmless as water. Sold by druggists and perfumers.

The Great Anti-Periodic.

The certainty and promptitude with which Hostetter's Stomach Bitters conquer the most obstinate cases of malarial disease, and the complete protection which they afford the system against the miasmatic poison which impregnates the air of low-lying, marshy localities, stamp them as the foremost of American antiperiodics. Wherever on this continent fever and ague is a regular visitant—in the bottom lands of the South, the new clearings and mining districts of the West, and in all localities in the Eastern and Middle States where malaria prevails, the Bitters are recognized as the only true specific for this disease, and its most reliable preventive. They are, moreover, a safe and agreeable as well as a certain remedy, and on this account are immeasurably superior to the preparations of quinine, arsenic, bismuth and other mineral poisons mistakenly administered as curatives for maladies caused by miasma, and which if persisted in work irreparable injury to the constitution.

Unfortunately, fever and ague, and the other febrile complaints generated by miasma, are not the only evils which result from it. A great variety of disorders are superinduced by the irritation which it causes. Among these are neuralgia, rheumatism, gout, periodical headache, palpitation, painful affections of the spleen, and various derangements of the stomach. When traceable to malaria, the above affections are apt to assume, like the disease which originated them, an intermittent type; that is to say they recur at regular intervals. Hostetter's Bitters, however, obviates them all, by banishing the miasmatic virus from the system.

Merritt Island.

WASHINGTON, Oct. 12th, 1875.

EDITOR DEMOCRAT:—The land owners of Meritt Island Reclamation District No. 150 paid into the County Treasury Oct. 11th, $2,092.61. This money, together with $3,312 now due and which will be paid in a few days is being expended by the Trustees of said District in improving and strengthening the levy made last year. This is certainly very sensible on the part of the people of Merritt Island. They cannot make their levies too strong, and all persons owning land along the Sacramento River should follow their example. A few dollars properly expended in time, may save thousands when the winds blow and the floods come, and the waters from above unite with the waters below.

TOOK THE MEDAL

—AT THE—

STATE FAIR

WITH FOUR COMPETITORS.

SACRAMENTO, (Cal.), Sept. 14, '75.

This is to certify that the MATHUSHEK PIANOS we are using, and purchased of MR. COOPER, give good satisfaction, standing in tune and wearing remarkably well, and we are well pleased with them. We think they are good and honestly made, and deserve especial notice.

HERMON PERRY,
Prin. Sacramento Seminary.

ST. JOSEPH CONVENT, SISTERS OF MERCY, Sacramento.

We are using quite a number of the MATHUSHEK PIANOS, and consider them very superior instruments. They give very great satisfaction, and we wish that all our pianos were of the same make. We have tried the principal makers, and consider the Mathushek Piano superior for fullness of tone and durability. SISTERS OF MERCY.

[A CARD.]

This is to certify that I have sold large numbers of the MATHUSHEK PIANOS for over four years, and not one has ever failed. They keep in tune and wear better than all others, and exceed the expectations of purchasers, which has led to increase the demand for them. For information, call, and do not be led by interested parties to purchase certain Pianos you would soon after desire to change for Mathushek. They took the ONLY MEDAL at the State Fair, with four competitors. I have no idea of giving up the agency, as reported by interested parties. Hundreds have been sold, and I have numerous testimonials concerning their superiority, which I will show you with pleasure: many have been published heretofore. Call and see them.

JOHN F. COOPER.

Cabinet Organs of the best makers, and also some new cheap Pianos, from $300 up; a lot of second-hand Pianos. Pianos sold on installments, if desired. Pianos to Rent. Write or call on JOHN F. COOPER, corner Sixth and I streets Sacramento. se24

The Yolo Democrat.

Friday, October 15th, 1875.

Who Shall Wear Crowns?

Who shall wear crowns, oh! Father, who?
Not they who, passing when their angel guise
Is yet unchanged, before the thoughts of earth
With dreams of sin, of envy, love and hate;
Oh! not for these can that great glory wait.

Will they wear crowns who never long to sin?
Who only wish to follow some good life,
Who never feel the starting of a thought not born
Of Heaven itself? Can this be winning in the strife?
Oh! breathe to me, ye spirits of the air,
Are victor's crowns for such as these to wear?

Will lives that having passed threescore and ten
And drained the cup of pleasure to its dreg,
So find themselves, upon Death's very brink,
Wasted, lustful souls, drop down and beg
For thy forgiveness—first and last prayer cry:
Will they find crowns, oh! God, up in the sky?

Will they wear crowns who strive against, oh! God,
Rebelling 'gainst the life Thou giv'st to them?
Who living, die, and dying, live with broken dreams,
Bound by fetters Thou alone can'st break—oh! brightest gem,
I know that Thou will place, in Thy great love,
The crown that waits for such an one above.

Who shall wear crowns? Oh! surely, surely they
Are fit for those who suffer and grow strong,
Who put from their great hearts, with trembling hand,
The very joy for which their souls do long;
Oh! I believe, dear God—up there—up there,
Thy hands are holding crowns for such to wear!

—*Scott.*

SOME OF THE FINEST CABINET ORGANS

NO MORE REEDY, HARSH TONES.

THE WARREN & CLOUGH COMBINATION ORGAN.
New and Wonderful Invention.

The newly invented SCRIBNER PATENT "QUALIFYING TUBES," (Secured by letters patent in the United States, England and Canada.) An invention having a MOST IMPORTANT BEARING on the future reputation of Reed Instruments. By means of which the quantity or VOLUME of tone is VERY LARGELY INCREASED, and the QUALITY of tone rendered equal to that of the best Pipe Organs of the same capacity—thus furnishing all the desirable characteristics of the large Church Pipe Organ, in a case the size of an ordinary Cabinet or Parlor Organ, and at the moderate price of Reed Organs. By means of this invention, an Organ containing two sets of reeds becomes equal in volume and power, and VASTLY SUPERIOR IN QUALITY AND BRILLIANCY OF TONE to an ordinary Reed Organ of six or eight sets of reeds. One of the crowning features of this invention is the peculiar facility with which it adapts the tone of the instrument to ACCOMPANY THE VOICE IN SINGING, the effect upon both singer and listener being charming beyond description. This ingenious invention consists in the construction and application of tubes of wood or metal, placed so as to operate in connection with the reeds, each tube having an opening on the upper side at the rear end, through which the air, subsequently passing through the reed, enters, and through which the sound produced by the vibration of the reed escapes. The tubes inclosing the reeds of the treble are provided with adjustable valves or slides, over the mouth opening, by means of which the tubes may be tuned in unison with reeds, to produce a flute-like tone, such as found heretofore only in pipe Organs.

Can be seen and heard on the corner of Sixth and I streets.
